

FRONT END DEVELOPER

Software engineer with **4+ years** of experience building performant, accessible, and well-structured front-end systems. Worked across a range of stacks — **Svelte, React, Vue** — with a strong focus on component design, **WCAG accessibility**, and **SEO** best practices including structured data. Experienced collaborating with UI/UX and content teams to deliver polished features from design to production.

TECHNICAL SKILLS

Languages	: Typescript, Javascript, HTML, CSS, SCSS
Frameworks	: Svelte/SvelteKit, React.js, Vue
Libraries	: Shadcn, Flowbite, Zod, Tailwind CSS, Socket.IO, ParaglideJs
Components	: Storybook, Pure Components, Composable Architecture
Practices	: Functional Programming, Vertical Slices, CI/CD, Cross-browser Compatibility
DevOps	: Git, GitHub Actions, Linux, AWS EC2, Docker
Others	: SEO, Structured Data (JSON-LD), Open Graph, Accessibility (WCAG), Semantic HTML, BEM

EXPERIENCE

Software Engineer <i>BytesMaestros</i>	Dec 2025 – Present <i>Hybrid – Alexandria, Egypt</i>
- Build and maintained front-end interfaces for business menu system (Menuzi), a mobile application using Svelte Native, static websites, and e-commerce platform - Worked within a strict token-based and type-driven development discipline - Build multilingual UI for Menuzi, managing menus and content across multiple languages using component-level i18n patterns - Implement SEO best practices including JSON-LD structured data, Open Graph, and meta tags across all products - Apply WCAG accessibility standards across all UI work - Develop and document components in Storybook; architect pure and composable component systems - Collaborate directly with UI/UX and content teams, owning features end-to-end	
Software Engineer <i>Gopuppy</i>	Sep 2024, Jan 2025 – Dec 2025 <i>Fulltime, Contract – Cairo, Egypt</i>
- Developed front-end interfaces using Laravel Blade and SCSS - Maintained cross-browser compatible UI components	
Full-Stack Developer <i>Storiagate</i>	Mar 2024 – Sep 2024 <i>Hybrid – Alexandria, Egypt</i>
- Redesigned company system UI and forms using PHP, SCSS, and JavaScript - Built reusable, cross-browser compatible components and modules - Developed localization utilities to support multilingual interfaces	
Front-End Developer <i>Freelance</i>	Jul 2021 – Present
- Designed and developed websites using HTML, CSS/SCSS, JavaScript, TypeScript, and component frameworks including React, Vue, and Svelte - Implemented structured data, OG tags, and meta SEO across client projects - Applied BEM methodology for maintainable, scalable CSS architecture - Worked on front-end of clinic and ERP systems including forms, dashboards, and live-updating queue interfaces	
Vice Head of Web Development Committee <i>GDSC KSU</i>	Sep 2022 – Apr 2023 <i>Remote – Kafrelsheikh, Kafrelsheikh, Egypt</i>
- Share knowledge and experience with my fellow members - Demonstrated critical topics in core Front End technologies, including SEO, and Accessibility	

EDUCATION

University of Kafrelsheikh – Faculty of Computers and Information

Bachelor of Science in Computer Science

GPA: 3.24/4 (With Honors)

Kafrelsheikh, Kafrelsheikh, Egypt

Sep 2020 – Jun 2024
